EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech., AI&DS	S.A Engineering College, Chennai	8.47	Currently Pursuing
Higher Secondary	EBENEZER JAGANATH MARCUS MATHR SEC SCHOOL	70.3	2022
Secondary	ST. JOHN'S MATHR SEC SCHOOL	66.2	2020

EXPERIENCE

- TechnoHacks EduTech & CodeAlpha** July 2024 - Aug 2024
Virtual Internship Online
 - Gained hands-on experience in analyzing data to derive meaningful insights. This internship provided to real-world projects
 - Allowing to apply analytical techniques, work with various datasets, and leverage visualization tool for effective data-driven decision-making
- Forage Job Simulations** May 2024 - July 2024
Analyst Virtual Intern in TATA, Accenture etc., Online
 - Focuses on transforming raw data into meaningful visual representations. It covers key principles of data visualization, storytelling with data, and best practices for designing clear, insightful, and compelling graphics

PROJECTS

- Ola Company Dashboard using Power BI** Oct 2024
Using Power BI, Pandas and Matplotlib to show the Revenue per year S
- Advance HR Analytics dashboard** Dec 2024
I'll analyze your HR Analytics dashboard and summarize the key insights. First, I'll extract the dataset and identify key metrics, KPIs, and trends 

SKILLS

- Programming Languages :** C, Java, Python, Matlab, Basic R, SQL, No SQL & Basic DAX functions
- Tools:** VS Code, PostgreSQL, Git hub, MS Excel, Power BI & Tableau

CERTIFICATIONS

- Issuing Organization Cisco, Introduction to Data Science & Data Analysis** 12th Sep 24
- Issuing Organization Beeja Academy, Kotlin Programming & Data Visualization** 2nd and 4th Semester

KEY COURSES TAKE

- Basic Algorithm and DSA, DBMS, Linear Algebra, Basic Calculus, Differential Equations, Data Analysis in Python
- Digital Marketing, DAX Function, Introduction to Data Science, SQL
